General Crop Insurance Regulations; Late Planting Agreement Option

AGENCY: Federal Crop Insurance Corporation.

ACTION: Final rule.

SUMMARY: The Federal Crop Insurance Corporation ("FCIC") hereby amends its General Crop Insurance Regulations, 7 CFR part 401, by revising the late planting agreement option provision, located at § 401.107. The intended effect of this rule is to revise the crops to which the Late Planting Agreement Option will apply.

EFFECTIVE DATE: May 1, 1995.

FOR FURTHER INFORMATION CONTACT: Diana Moslak, Federal Crop Insurance Corporation, U.S. Department of Agriculture, Washington, D.C. 20250. Telephone (202) 254-8314.

SUPPLEMENTARY INFORMATION: It has been determined that publication of this rule for notice and comment is not required because the rule relates solely to internal agency management to update FCIC's regulations by revising the crops to which this part applies.

This action has been reviewed under United States Department of Agriculture ("USDA") procedures established by Executive Order 12866 and Departmental Regulation 1512-1. This action constitutes a review as to the need, currency, clarity, and effectiveness of these regulations under those procedures. The sunset review date established for these regulations is April 1, 1997.

This rule has been determined to be "not significant" for the purposes of Executive Order 12866, and therefore, has not been reviewed by the Office of Management and Budget ("OMB").

In accordance with the Paperwork Reduction Act of 1980 (44 U.S.C. 3501 *et seq.*), the information collection or record-keeping requirements included in this rule have been approved by OMB and assigned OMB No. 0563-0023.

It has been determined under section 6(a) of Executive Order 12612, Federalism, that this rule does not have sufficient federalism implications to warrant the preparation of a Federalism Assessment. The provisions and procedures contained in this rule will not have a substantial direct effect on states or their political subdivisions, or on the distribution of power and responsibilities among the various levels of government.

This regulation will not have a significant impact on a substantial number of small entities. The amount of work required of the insurance companies delivering this policy option and the procedures therein will not increase from the amount of work currently required to deliver previous policies to which this regulation applies. This rule does not have any greater or lesser impact on the insured farmer. Therefore, this action is determined to be exempt from the provisions of the Regulatory Flexibility Act (5 U.S.C. 605) and no Regulatory Flexibility Analysis was prepared.

This program is listed in the Catalog of Federal Domestic Assistance under No. 10.450.

This program is not subject to the provisions of Executive Order 12372 which require intergovernmental consultation with state and local officials. See the Notice related to 7 CFR part 3015, subpart V, published at 48 FR 29115, June 24, 1983.

The Office of the General Counsel has determined that these regulations meet

the applicable standards provided in subsections (2)(a) and 2(b)(2) of Executive Order 12778. The provisions of this rule will preempt state and local laws to the extent such state and local laws are inconsistent herewith. The administrative appeal provisions located at 7 CFR part 400, subpart J or promulgated by the National Appeals Division, whichever is applicable, must be exhausted before judicial action may be brought.

This action is not expected to have any significant impact on the quality of the human environment, health, and safety. Therefore, neither an Environmental Assessment nor an Environmental Impact Statement is needed.

Background

On May 17, 1989, FCIC published a final rule in the **Federal Register** at 54 FR 21195 setting out the specific crop insurance endorsements to which the Late Planting Agreement Option would apply. Upon review of this regulation, FCIC determined that the provisions of this section should be updated to remove the wheat, barley, oat, rye and flaxseed endorsements because they are now located in the small grains crop insurance provisions under part 457 and the sunflower seed endorsement because it is now located under part 457 and to add the Tobacco (guaranteed plan) endorsement. Therefore, FCIC clarifies the availability of the Late Planting Agreement Option by amending § 401.107(e) for this purpose.
